Rabbi Solomon Friedman, owner of Pornhub/RedTube/YouPorn (https://rmc.bfmtv.com/actualites/societe/pornhub-qui-est-solomon-friedman-rabbin-devenu-patron-de-mastodontes-de-l-industrie-du-x_AV-202506040402.html), explains his vision regarding the "**legitimation**»And«**normalization**"of pornography in society." He argues that his goal is to eliminate the taboo surrounding pornography to allow its widest possible distribution. Friedman details how he acquired the company with the aim of transforming its public perception, emphasizing the importance of making pornography acceptable and accessible, despite ethical and moral controversies.

Yet his religion forbids these detestable, degrading, and destructive practices! His community should have excommunicated him immediately, given his views and the danger he poses to young people and couples, but no, he remains, with his billions and his desire to destroy society. It is purely satanic behavior, nothing more. The silence of the

rabbinical authorities is very serious because no clergy in the world—Christian, Muslim, or otherwise—would have accepted such behavior without reacting firmly.

On reflection, what is really being targeted, no pun intended, is not so much the way sexuality is practiced, although there are some truly sick people in this area, but to eradicate the essential act of love and, a fortiori, that of procreation, the ultimate accomplishment and extension of life.

They want to replace everything that makes us human. The capacity to think beyond the strict necessities of existence (which doesn't mean that tenderness, play, and much more don't exist in the animal kingdom—quite the contrary!—but humans have this characteristic of being able to "lose themselves" in thoughts that lead them beyond the here and now, for better or for worse), sexual pleasure (not pornography, no),... by changing all of this, their goal is the creation of Human.2. They play God, they rise up against God, because they want to usurp the prerogative of the gods. This is the HOMO DEUS that Harari speaks of, this sea of... God even gave Jacob the name of the "chosen" people: Israel, "the one who fought against God"!

A rabbi at the head of a multinational pornography company, and the community finds that normal. They find it normal mainly because it serves to corrupt the goyim. And from people who protest violently when they're forbidden from sodomizing Palestinian prisoners, well, what could be more natural?

It is not unusual for the community that a rabbi is at the head of a multinational porn company for the simple reason that some of them have long admitted that their religion is the worship of Satan.

…for the simple reason, according to great historians and others, that the name Goliath is of Indo-European origin…interesting, I think…don't you?

Stretchev Il y a 12 hours

"To complete the breakdown of the family, the education system, and therefore of society in general, it is essential to encourage 'Sexual Freedom' at all levels of Western society... It is necessary to reduce the individual, and therefore the masses, to the obsession of satisfying their primary instincts by all possible means. We know that this stage represents the culmination point at which any Society will eventually collapse on itself. Was it not the same with the Roman Empire at its height, and with all similar civilizations throughout history? ... Through men of science and laboratories financed by our Lodges, we have succeeded in developing a chemical process that will revolutionize all Western Societies, and relegate Judeo-Christian moral and religious principles to oblivion forever. This process, in the form of a pill, will open the way to "Sexual Freedom" without consequences, and will push the "Women" of the Nations to want to break with what will then be perceived as the yoke of the past (the slavery of women subjected to men and to the traditional Judeo-Christian family)... Formerly "Center and pivot of the family unit", the modern woman, now as an independent individual, will want to break with her traditional role, detach herself from the family, and lead her life according to her own personal aspirations. Nothing could be more natural, we know, but where we will intervene strongly will be to infiltrate all the new "Women's Protest Movements" by pushing their logic to its extreme limits of consequence (the definitive breakup of the traditional family and of Judeo-Christian Society)... This open door for the encouragement of "Sexual Freedom", "Divorce", "Abortion" on demand, the legal recognition of the various forms of homosexuality will help us to profoundly modify the historical bases of the "Legal Right" of Societies. It will be a major asset in pushing all individuals towards a general relaxation of morals; in dividing individuals from one another, according to their instincts and their own interests; in destroying the future of youth by

pushing them to harmful experiences of hasty sexuality and abortion; and in morally breaking future generations by pushing them towards alcoholism, various drugs, and suicide. Let us disappoint the youth of nations by showing them their parents as irresponsible, irreligious, immoral; ultimately seeking only pleasure, escape and the unbridled satisfaction of their instincts at the price of lies, hypocrisy and betrayal. Let us make divorce and abortion a new social custom accepted by all. Let us thus push her towards crime in all its forms, and to take refuge in separate groups, beyond the reach of the family environment which she will inevitably perceive as a threat to her own survival.
As a reminder, in 2017 there were 420 million "porn" pages on the internet, 4.2 million "porn" websites, 68 million "porn" queries in search engines every day, and 116 on child pornography.
In 2017, 3 billion Internet users also visited "porn" sites. 25% of all search engine queries were related to pornography, and the most searched term was the very sober and implicit "sex."
In France, in 2022, 2,3 million minors visited pornographic websites every month; a figure that increases every year. From the age of 12, more than half of boys visit these sites on average each month, and nearly two-thirds do so between the ages of 16 and 17. On average, minors make up 12% of the audience for adult websites.
It should be noted that American porn production alone generates nearly $3 billion a year.
NB The "Fall": Origin
Everyone knows the biblical legend of the serpent and the apple, but no one knows how this story was invented. In the original of the famous book, this story doesn't exist. It was introduced into the Greek version, written two centuries before our era, by whom we don't know, although we are told it was compiled by 70 scholars (actually 72, like the number of grammarians who revised the Homeric poems, the original works of the goddess Hemoera), but a round number was preferred, hence its name, the "Septuagint." The aim was to conceal, under ambiguous language, an episode relating to sexual life. The original stated bluntly that sexual ardor, which reigned throughout nature, tormented humankind. This is what became the serpent, the tempting spirit who seduces Eve and leads her astray into his base deeds. But all this will be reversed: it is the woman who will be the temptress, no longer the man; it is she who will invite him to bite into the "apple" of lust. Why this apple? Because, in the original text, man's sin leads to moral decay, clouds his mind, and incites him to evil. All of this is expressed in Latin by the word "malum." Open a Latin dictionary and you will see that this word means "evil," "peril," "scourge," "calamity," "misfortune," "punishment," "penalty"; "malum habere" (to be punished for pleasure); "wrong," "damage," "harm," "fault," "vice," "pernicious," "fatal," etc.
But, if "malum" means all of that, it also means "apple". "malum punicum", "pomegranate"; and in general "seeds", "seed" contained in the apple ("malus", tree, apple tree).
It is probably because this "seed", sacrificed by man, has been the origin of all kinds of misfortunes, that "malus" (apple) has become the symbol of discord ("Malum discordiæ"), but also the source of Melancholy.

What kind of religion is it that normalizes pornography and very soon pedophilia, organ harvesting, the sale of children's organs, organ trafficking, trafficking in women, trafficking in fetuses, human trafficking, etc.?
I suppose that the Jews, all depraved and degenerate, will accuse all those who are against their depravities of being anti-Semites.

What can one expect from a religion that allows a depraved Jew to sleep with a little girl as soon as she is 3 years and 1 day old?

And it is with these degenerates that our human rights champions normalize their relations.

All the heinous crimes are at the heart of the Jewish religion.
So we know why the degenerate Jews were driven out of all over the world.

Business opportunity, business, opportunity... besides that? There are many other things behind it.
He only talks about sex, omitting rape, torture, human and child trafficking, etc.
We should capture his relatives and film them in really dirty hardcore porn, then send it to him so he can make money off it
He would see the great opportunity and the effect it has.
